**PRINCIPAL'S REPORT**

**Student Achievement: Victorian Schools Music Festival**

Congratulations to all the students in Chamber Strings and String Orchestra who recently attended and competed in the Victorian Schools Music Festival.

The students were well prepared and excited to be part of this opportunity, and their hard work paid off.

Our String Orchestra was awarded Gold and our Chamber Strings was awarded Silver. These are outstanding results, and the level of competition, as always, was high.

Our students should be proud of their effort, we are certainly proud of them. I want to congratulate and thank their teachers for their continued commitment to the program and for their continued support of the students in their care. Their dedication is unwavering.

**Volleyball Victoria Schools Cup**

At the conclusion of the four-day event, I congratulate all students, coaches, and team managers for their great effort during this demanding competition.

Out of the twenty teams that competed, eleven of the teams brought back a medal including four gold, three silver and four bronze. I am certain that for the other teams, several reaching fourth place, your turn will come in the next competitions.

As this event is resource heavy, support comes from the entire school and of course from our parents. I particularly want to thank all the staff that participated over the four days, as well as all the staff who covered classes for the event to proceed. This is truly a team effort.

A detailed report including dates of upcoming volleyball events can be found in the Volleyball section of this Newsletter.

**2023 Year 10 Pathways/Course Counselling Process**

The Year 10 Pathways/Course Counselling interviews took place last week and I wish to acknowledge the work of the students in preparation for the interviews. Most arrived well prepared for the discussion and did leave with a better understanding of the variety of options open to them.

I also want to acknowledge the work of their teachers in supporting the students to arrive closer to a decision in relation to the 2023 course selection.

The process ran very smoothly so I thank the Senior School Coordination team and our Careers/Pathways Co-ordinator for organising this experience for our students.

**Reminders: Communication of Covid Cases to the School Community**

You would have noticed that we have once again picked up our communication of positive COVID-19 cases that have been reported to the school.

A Compass Newsfeed will go out each evening to families of the relevant Year Level(s) in which a positive case has been confirmed. Further to this the communication will also

identify if there were any specific activities that the positive case was involved in that may affect students in that year level or across the school.

As an example, in the past week we have had cause to communicate to parents of students who attended a particular Music Camp whose children may have been in the same sleeping quarters as a confirmed positive case that their children are now considered household contacts and need to follow through with the requirements set out for a household contact.

Should you receive such communication there is very little for you to do but monitor your child for any COVID symptoms. If they develop symptoms, they must test immediately. RA Test kits are available as outlined below.

### Exemptions for Testing and Isolation

The period of time when someone is considered a recently confirmed case and therefore exempt from testing and isolation requirements has been reduced from the previous 12 weeks to 4 weeks.

This means that staff and children who are household contacts of people with COVID-19 are now required to undertake the testing and isolation requirements from 4 weeks after completing isolation with COVID-19 themselves. Previously, this exemption period was 12 weeks.

After the 4-week exemption period, students and staff members who are a household contact of a new COVID-19 case, must follow [the rules for household contacts](#), including reporting this to the school.

As part of this they must take five rapid antigen tests (RATs) over 7 days and receive negative test results and wear a face mask (if over 8 years old) in indoor spaces. RAT kits are available from the General Office. Every student or their parents/carers and staff may collect a kit of five tests each fortnight.

Please contact the relevant Sub-school Admin Support staff if your child has tested positive for COVID-19 or your child is considered a household contact (anyone who is a household contact of a new COVID-19 case, must follow [the rules for household contacts](#)

**For Music Students**, if your child is a household contact please notify their Instrumental Music Teacher & Ensemble Director. Students who are required to wear a mask when at school are still to attend lessons and rehearsals. By providing this information directly to the Music Teacher it allows for rehearsals and lessons to be planned accordingly.

It is important that if students are unwell that they do not attend school.

As always, I will keep you informed of any changes.

### Semester 2 Professional Practice Days

For Semester 2, 2022, the Department of Education and Training has provided schools with the option to hold each teacher's allocated Professional Practice Day on the same day for all staff. This is to enable the most effective and efficient use of this day.

As a result, we have scheduled our **Professional Practice Day for Term 3 on Tuesday 16 August**. Students will therefore not be required to attend school on this day.

## Tuning in to Teens

### Emotionally Intelligent Parenting

A free six-session interactive online parenting program for parents or carers of adolescents

Would you like to learn how to:

- be better at talking with your teen?
- be better at understanding your teen?
- help your teen learn to manage their emotions?
- help to prevent behaviour problems in your teen?
- teach your teen to deal with conflict?

Feedback from previous participants:

- “This program was complete and helpful”
- “I understand my teen’s emotions better”
- “Overall our house is calmer and there are less explosive emotions”
- “My teen and I are talking more and arguing less!”
- “I feel happier as a parent”

*Tuning in to Teens* shows you how to help your teen develop *emotional intelligence*. Adolescents with higher emotional intelligence:

- are more resilient - this means change and stress are easier to deal with
- are more aware, assertive and strong in situations of peer pressure
- have greater success with making friends and are more able to manage conflict with peers
- are more able to cope when upset or angry
- have fewer mental health and substance abuse difficulties
- have more stable and satisfying relationships as adults
- have greater career success - Emotional intelligence may be a better predictor of academic and career success than IQ!
