PRINCIPAL'S REPORT

Student Achievement: Science Week 2022

Congratulations to all the students who participated in the various activities during Science Week (15–19 August). Everyone had lots of fun across both the in class and lunchtime activities. The STEAM Club was in full form organising and running activities.

The week culminated in a wonderful STEAM Activity involving the collaboration of both AWS (Amazon Web Services) and CBUS (Construction and Building Unions Superannuation (Australia).

The activity incorporated a robotics incursion focusing on artificial intelligence specifically aimed at Machine Learning.

Students trained a model car to be able to run a defined course unaided.

The activity ticked off on every area of the STEAM agenda: mathematics, science, technology, critical and creative thinking, problem solving/engineering as well as providing a challenge, developing persistence, resilience, determination and an understanding that failure is a good thing in learning and moving forward. Everything resonated with our school's Growth Mindset philosophy.

On behalf of all the students I would like to express our gratitude to Julian Azzopardi (current parent) for facilitating such an amazing experience and for being able to bring together such amazing partners in order for our students' experience to be both exhilarating and authentic.

A big thank you to all the preventatives from both AWS and CBUS who gave up their time to making our Science Week so special.

Furthermore I wish to commend the work of our Science Team under the leadership of Katie Reed, for organising not only this activity but all of the activities that ran throughout the week.

Wear it Purple Day

Wear it Purple Day was on Friday 26 August, and as a community we both celebrated and supported our LGBTQIA+ young people.

Students and staff came to school wearing purple and together we acknowledged the importance of the school values of Respect for Diversity, Individuality and Integrity.

Wear it Purple is a student-run, not-for-profit organisation dedicated to supporting young people who identify as sexually and/or gender diverse (i.e. rainbow). They work hard to raise awareness of issues affecting the LGBTQIA+ community by working with organisations, schools and workplaces and provide safe supportive spaces for rainbow young people both online and in person.

We are very proud of all of our young people and value the richness that diversity brings to our learning community.

Year Seven Camp No.4

On Thursday 25 August, during their dinner break, I visited the last group of Year 7 students who were on Camp.

It was a special evening as the group had planned a birthday celebration for their most illustrious leader, Melissa Hughes. Whilst it may have been more preferable for Melissa to be spending her birthday dinner at home with her family, the students and staff made sure that was celebrated regardless of being away from her family.

The students expressed having had an amazing day and the teachers commented on how well the students engaged with the experience and how well behaved they had been.

More specific information can be found in the Junior School Section of this newsletter.

A big thank you to the Junior School Team under the leadership of Melissa Hughes for the organisation and running of the camp and a big thank you to all the staff who took part both teaching and Education Support staff.

Reminders

Year 10 Work Experience

It has been unfortunate that most of our students have struggled to find an appropriate location to undertake their work experience placement for this year. We understand that prospective employers are stretched in a range of ways and taking on a work experience student has become far too challenging and demanding for them at this time.

As a result, only a small number of students have returned their work experience forms after securing a place.

As such, the school has decided that for the majority of the Year 10 students, there will be no work experience in the week of the 5-9 September and therefore normal timetabled classes will proceed as usual.

Students who have arrangements in place are encouraged to go ahead with the placement in the scheduled week and this will be reflected on Compass as a school approved absence. Students should discuss with their teachers the work they will miss out and how best to deal with the time away.

Any student who wishes to pursue a placement for Term 4 please contact our Careers/ Pathways coordinator, Mr Ross Pringle.

Mobile Phone Policy

Whilst previously, students have been excellent with following through with the expectations surrounding the use of mobile phones whilst at school, of late we have started to see an escalation of students not doing the right thing.

I ask parents to remind your child(ren) about the current mobile phone policy. We will certainly be reminding the students about their responsibility. However, we need your support to reinforce it from home.

The expectations is quite simple and easy to follow. From the first bell of the day 8:55am, until the last bell of the day 3:10pm students must have their mobile phone switched off and secured in their lockers.

No student (unless they have been provided with an exemption) must have their phone with them or switched during the day.

If a teacher required students to bring their phone to class for a class activity, this will have been organised with the students prior to that activity and will be valid only for the duration of the activity.

Students are aware of the consequences for disregarding the Department of Education and Minister’s expectations and it is their responsibility to follow through with what is required when asked to do so by a teacher without any further discussion.

Thank you in anticipation of your support with this matter.

Student Progress Interviews

The upcoming Student Progress Interviews will be held on;

Tuesday September 6 – 4:00pm - 7:00pm

Student Progress Interview dates will be held online via Webex. While we had been hoping that we would be able to welcome families back onsite for interviews, we have decided that with the current Covid-19 situation we are better placed this way.

Please be aware that school will finish early, at 2:30pm, on Tuesday September 6.

Bookings for interviews are now open.

Parent/Caregiver/Guardian Opinion Survey

Our school is conducting a survey to find out what parents/caregivers/guardians think of our school. The Parent/Caregiver/Guardian Opinion Survey is an annual survey offered by the Department of Education and Training that is designed to assist schools in gaining an understanding of families' perceptions of school climate, student behavior, and student engagement. We encourage all families to participate in this survey. Our school will use the survey results to help inform and direct future school planning and improvement strategies.

The Parent/Caregiver/Guardian Opinion Survey will be conducted from **Thursday 25 August to Friday 16 September**.

The survey will be conducted online, only takes 20 minutes to complete, and can be accessed at any convenient time within the fieldwork period on desktop computers, laptops, tablets or smartphones. The online survey will be available in a range of languages other than English.

The survey results will be communicated to parents/caregivers/guardians through annual reporting.

Please contact Fran Mullins, Assistant Principal if you would like any additional information at mul@elthamhs.vic.edu.au.

JUNIOR SCHOOL

Year 7 City Experience

The final Year 7 Experience ran last week with all students involved demonstrating the Eltham High School values in all that they did. We are so proud of the way in which they've all conducted themselves whilst in the CBD - navigating MYKIs, presentations, phones and being away from home is a big achievement. The staff who attended the experiences have all enjoyed getting to know our youngest students in this space and have come back with new understandings and connections.

With all the Year 7 Experiences completed now, we are back into the classroom and working towards the end of the term. The Year 7s have begun their work on their Expo task and are coming up with solutions to an issue that they have identified throughout their time at Edendale Farm, in class with guest speakers, and in their City Experience. We had planned for them to share their work with you on September 8 at the Expo, however, with all that is going on with Music Concerts, Interschool Sports, the inevitable lurgies and Creativity week, we have made the decision to postpone the Expo until the first week of Term 4. **The new date for the Expo is Tuesday 4 October**, the first Tuesday of Term 4. Parents are invited from 3:00-4:30pm to come and view the students' work and we look forward to seeing some of you here onsite.

Year 10 Work Experience Update

Due to the low returns for work experience, school leadership has decided to cancel the week and revert back to normal timetabled classes.

Students who have arrangements in place are encouraged to go ahead with the placement and this will be reflected on Compass as a school approved absence. Students should discuss with their teachers the work they will miss out on and how best to deal with the time away.

I know it has been difficult for many students to find a suitable placement however I would encourage all to continue to seek a placement for Term 4.

We would appreciate any donations from Eltham High School families, or contacts or associated businesses for the raffle run in conjunction with the concerts being held on **Monday 12 September and Thursday 15 September in The Nalleijerring Performance Centre** at Eltham High School.

Each year these raffles raise much needed funds for our Music Department to be able to purchase instruments, music equipment, music and much more for our students.

Donations do not have to be large – a bottle of wine, a voucher for coffee and cake from a local café, a voucher for a meal at a local restaurant, a giftware or beauty voucher, a grass mowing voucher or even tickets to events. Small items can be combined to make larger prizes. We would like anything that would put a smile on your face if you have a winning ticket.

Businesses that are able to contribute donations will be listed on our program and their logo will be displayed if they are provided. We will also be able to share your business on our Facebook page with our school community.

Please contact Jane Nicholson in the Music Office if you have any prizes to donate.

STUDENT AGENCY AND GROWTH

Cups for Change Design Competition - Open to All Students

We are looking for some great artworks of the Copper Butterfly to put as a logo on our new reusable cups and maybe for some other uses such as promotional products, logos, etc.

As part of the School for Student Leadership program, we had to develop a CLP (Community Learning Project), and as part of this project we want to help fight single-use cups. Therefore, we will be ordering reusable cups for our school and our local community. When thinking of the idea, we also decided that we want to help promote awareness for the Eltham Copper Butterfly, a butterfly that was discovered in 1938 and thought to have gone extinct in the 1950's for around 37 years, before being rediscovered in Eltham in 1987.

This project will be called Cups for Change (CFC).

Therefore, we would love you to design a logo of the Copper Butterfly, to help us, help them. This design competition is open to students from all year levels.

Those who design the best artwork will receive a gift voucher for a local art store to thank them for their contribution.

Although we would love any designs, there are a few guidelines to this competition:

1. The artwork needs to be transferrable to a decal (try to avoid super fine details).
2. It should in some way represent the Eltham Copper Butterfly.
3. It should state or incorporate the school name and project name on the design.
4. It should feature the artist's name in the design.

All designs must be submitted to the CFC team by **Wednesday, 31 August 2022**. The designs will be judged by the CFC team and members of staff.

Please submit any designs by bringing them to Mrs Devlin in her office in 164, or email to dev@elthamhs.vic.edu.au.

Canteen would like to remind students that the best way to ensure that you get what you like at lunch is to place a lunch order either before school or at recess. Canteen is open every day at 8:30am for recess or lunch order.

Canteen limits the over the counter sales of Hash browns, Pinwheels and Dim Sims to two items per person in order to ensure the fair access of all students to purchase the cheapest hot items in the Canteen. If you require a larger quantity for lunch or recess place a lunch order. Canteen is open every day at 8:30am for recess or lunch order.

The poster for the 'Creative Minds' exhibition is divided into two main sections. The left section shows a colorful, abstract portrait of a woman's face with various colors like red, blue, and yellow. The right section shows a woman's face with a green background and yellow spiral patterns. In the top right corner, there is a black box with white text that reads 'ELTHAM LIBRARY COMMUNITY GALLERY'. Below that, another black box with white text reads '5 Aug - 11 Sept, 2022'. At the bottom, there is a black banner with white text that reads 'Creative Minds'.
