Laptop Make & Model: ....

Laptop Serial #: ....

Purchasing a device through JB Hi-Fi's Education BYOD Portal is highly recommended, as it ensures your device is compatible with our school's network and software requirements. If you choose to purchase a device from another provider, we will provide limited support.

To protect our network and ensure compatibility, only pre-approved devices meeting school standards will be connected to the Eltham High School Wi-Fi and receive software deployment services (Intune).

For those without a supported device, computers are available in the library.

Eltham High Acceptable BYOD Criteria	Yes	No
*Essential: The device **must** meet **all** these requirements*		
Is the device less than 3 years old?		
Does the device have Windows 10 or 11 installed?		
Does the device have a minimum of 8GB RAM?		
Does the device have a touch screen?		
Does the battery last for over 7 hours of continuous use?		
Is the device free from damage and in acceptable condition?		
Does the device **NOT** have a SIM slot?		
Does the device support dual-band wireless technology?		
*Desired: The device must meet at least **4** of these requirements*		
Does the device have a minimum of 256GB of on-board SSD storage?		
Does the device have USB 3.0 or USB C support?		
Does the device have a physical keyboard connection (not Bluetooth)?		
Does the device have an adjustable screen between 10.0" and 14"?		
Does the device have a forward-facing camera?		
Preferred: The device should have these features for maximised learning opportunities		
Does the device weigh less than 2kg?		
Is the charger magnetic/robust and anti-trip?		
Does the device have an expandable media slot?		
Does the device have a rear-facing camera?		
Does the device have minimal moving parts?		
Does the device have a known successful predecessor?		

I have read and understood that an alternate laptop must meet Eltham High School's requirements.
